You are on a winter route.

The **Annual Winter Route Parking Ban** will soon be in effect here. The ban prohibits parking on designated streets with winter route or snow route signs daily from 2 a.m. to 7 a.m.

Cars parked or stopped on these priority routes make it hard for us to clear snow and ice. (And restrictions are in place even if it isn't snowing or doesn't look like a street needs clearing.)

Vehicles parked overnight on a winter route when the ban is in place may be ticketed and towed.

Please note: we regularly check these routes and tow in accordance with The Manitoba Highway Traffic Act.

Visit winnipeg.ca/snow to learn more about the ban and when it will start for 2022.

Download and use the **Know Your Zone** app to be notified of all winter parking bans.
